+

Wireless Switch
1-channel only (White only)

Single Unit Wireless Hand Held Remote Kit

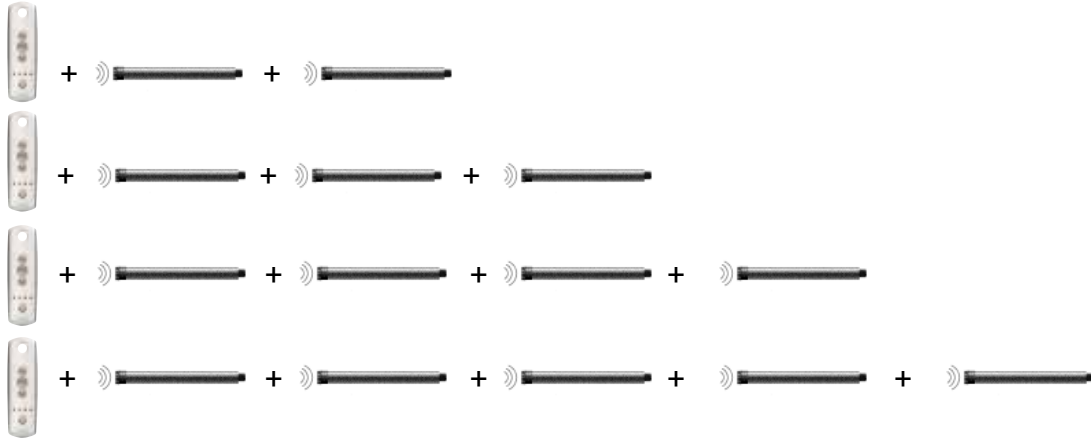

Altus Motor Upgrade
Plug-In or Hardwired

+

Transmitter
1-channel only

Multiple Units w/ Wireless 5-Channel Hand Held Remote

Although the ALTUS system is considered “wireless” in that the communication between the motor and the Transmitter is without wires, the motor must be connected separately to its own 110 power source.

Option:

Nema Plug-In Power Cord:
