## Drop Shade Systems by Accent Awning Company™

### PATIO-PRO

The **Patio-Pro** exterior drop shade by Accent Awnings® is ideally suited to enclose stucco balconies, wood lattice covers, windows and doors to produce instant shade and protection. Traveling along vertical stainless steel guide wires, the **Patio-Pro's** fabric rolls up or down to provide excellent and durable protection against heat, solar damage, inclement weather and even stray golf balls.

Patio-Pro

Sun-Pro Jr.

### SUN-PRO

The factory-built **Sun-Pro** by Accent Awnings® is your heavy duty drop shade system solution. Built for larger areas such as patio lattice structures, stucco overhangs, entrance ways, and generally any opening where the tracks can be mounted vertically. The **Sun-Pro's** streamlined 5-inch box and larger roller tube allow widths up to 25 feet and heights up to 14 feet. Our heavy duty boxed drop shade leads the way with the most extensive options and versatile applications in the industry. Hardware colors are available in brown, cream or white.

### SUN-PRO JR.

The **Sun-Pro Jr.** by Accent Awnings® is the smaller version of the original Sun-Pro drop shade system. All of the **Sun-Pro Jr.'s** components, including its more compact 4-inch box, are designed to be the perfect window or door shade solution. This system is perfect for openings up to 10 feet wide and up to 10 feet high.

# It's time you took control...

AccentAwnings.com

Now it's easy to control the sun with Accent Awnings' drop shades. Each system can be operated manually, with an interior switch or by remote control to deliver the perfect amount of shade. The Somfy® motor's design meets or exceeds UL and CSA standards. This ensures years of quiet, trouble-free operation. All Somfy® motors and electronics are backed by a 5-year limited warranty and require no maintenance or lubrication. Be sure to ask your Sales Consultant about the wide array of options available such as fully automated sensors, timers and remote control systems.

## DEFEATING THE GREENHOUSE EFFECT

Windows trap the sun's UV and infrared rays, creating a Greenhouse Effect in your home. Even the best interior shades fail to protect carpets, draperies, furniture and paintings from sun damage. But Accent Awnings' superior drop shade technology eliminates the sun's harmful rays before they ever touch the glass.
